

Commissioning

At the appropriate time, graduates will be asked to come forward in uniform and the Military Oath of Office will be administered to the group by high ranking military alumni, either retired, on active duty or in reserves, in attendance at the ceremony. Military graduates will rejoin their class following the oath, and all exit together at the conclusion of the Commencement ceremony.

Immediately following the ceremony, the military graduates will return to Verizon Hall for pinning, photographs and paperwork. Families are invited to participate. Introductions will be made by PCOM alumni.

For pinning, alumni representatives of the three services in attendance at the ceremony will be sought. In the event of availability of more than one member of a military service, priority will be accorded based on rank. Additional members of a military service may be asked to attend.
